

ASSEMBLY BILL

No. 2151

Introduced by Assembly Member Wagner

February 20, 2014

An act to add Sections 26614.6 and 26614.7 to the Government Code, relating to local government.

LEGISLATIVE COUNSEL'S DIGEST

AB 2151, as introduced, Wagner. Counties: search and rescue: costs.

Existing law provides that persons whose intentional wrongful conduct proximately causes an incident resulting in an appropriate emergency response is liable for the expenses of an emergency response by a public agency to the incident, up to \$12,000 per incident.

Existing law provides that the board of supervisors of a county may authorize the sheriff to search for and rescue persons, and that the expense incurred by the sheriff in the performance of those duties are a proper county charge. Existing law also requires the county or city and county of residence of a person, searched for or rescued by a sheriff, to pay to the county or city and county conducting the search or rescue all of the reasonable search or rescue expenses in excess of \$100 within 30 days after the submission of a claim.

This bill, notwithstanding the existing provisions relating to liability for specified emergency response expenses, would provide that whenever a county or city and county is billed by another county or city and county for, or conducts, a search or rescue of one of its residents who is 16 years of age or older, the county or city and county may in turn seek reimbursement for the actual costs incurred from that resident, if the need for the search or rescue necessitated the use of extraordinary methods and specified acts or omissions were a contributing factor to

the need for the search or rescue, and would require the person to pay within 30 days after being billed. This bill would prohibit the county or city and county from collecting charges from those persons who the county or city and county determines are unable to pay the charges.

Vote: majority. Appropriation: no. Fiscal committee: no.
State-mandated local program: no.
